## Reading

### Read. True or false?

Inspector J is working undercover. He is on a special mission. He wants to stop a group of bank robbers. He is in the bank now and he is recording everything he can see.

"So far, everything is under control. There are no unusual activities.

Two old ladies are talking to a clerk. He is obviously bored, but he is polite. The bank manager is reading the newspaper. But that is yesterday's newspaper! Strange!?! Wait a minute.... A woman is standing near the entrance. She has got an unusual bag? What's in it? A laptop computer or a gun? Who knows...?

The young man in front of a big plant is nervous. He is looking at his watch. Hmm... Maybe he is in a hurry, or maybe not.

Right now a very tall man and a man with dark glasses are entering the bank. They are giving a sign to the woman with the bag. Oh no! I'm in the middle of a bank robbery. I must contact the police immediately.
